World Skies Clearing, Says Mr. Baldwin

Prime Minister Hopes for Eastern Europe Security With Pacification of Western Conditions

Chinese Troubles Fast Fading Away

Dispute With Turks Not Issue of War or One Calculated to Lead to Conflict, Premier Declares

BRIGHTON, ENG., Oct. 8.—The British Prime Minister, Stanley Baldwin, discussed the Government's policies and world affairs in general at the annual conference of the Conservative Party here tonight.

In his opinion, the advocates of disarmament can have little hope of success until the question of security is settled. "It has been too long awaiting solution," he said. "It has been and is still an effective bar and until it is settled will be an effective bar to any future hope of success in the matter of disarmament."

Locarno to Help

Allying to the efforts of Europe's statesmen at Locarno to "make the world safe for peace," the Premier remarked that the proposed security pact would "fill in one end of a great mosaic, that gaping hole of Europe," and added:

"And when we have filled that and made it sound and secure I have every hope that the same principle that has guided us to the point we have reached in the West may be applied to the permanent pacification of Eastern Europe, as it is being applied to the West."

China Trouble Going

Surveying the world situation as "Whitehall sees it," Mr. Baldwin said he thought the clouds of trouble in China were lifting.

As to Great Britain's dispute with the Turks in Iraq, he declared, "we have been concerned not with an issue of war or one calculated to lead to a war, but with the implement of a treaty of peace."

Miners Take Slap At Coal Commission

Federation Rejects Participation in British Inquiry by Large Majority

LONDON, Oct. 8.—The delegates of the Miners' Federation have rejected participation in the coal commission, which the Government recently appointed to inquire into the entire coal industry, by a majority of 155,000 on a card vote. The majority vote does not necessarily mean the miners have decided definitely not to participate. It was explained later that their rejection was due more to dissatisfaction that the recommendation did not contain an expression of the Federation's attitude against wage cuts than to a desire to boycott the commission. The executive, therefore, has drafted a more vigorously worded resolution to be offered tomorrow.

Radio Station Opened

Vancouver, Oct. 8.—The official opening of the radio station at the Vancouver Merchants' Exchange, an occurrence of more than usual importance to the shipping and business interests of the city, took place at 2:30 o'clock, the ceremony being conducted by J. H. Hall, vice-president of the exchange. The station is now installed and operated by the radio telegraph branch of the Marine Department of the Dominion, to be operated as a public wireless station for twenty-four hours daily.

Election Forecast Compiled for Big Business Body Gives Mr. Meighen Majority

OTTAWA, Oct. 8.—The following forecast of the result of the voting on October 29 has been compiled for one of the country's biggest business organizations whose directors are interested in the result from the standpoint of business rather than of politics. The information on which it is based has been secured from all parts of the country and from sources close to all political parties:

	Conservative	Liberal	Progressive
Nova Scotia	10	7	—
New Brunswick	7	4	—
Prince Edward Island	3	1	—
Quebec	16	49	—
Ontario	64	18	—
Manitoba	8	—	6
Saskatchewan	2	3	10
Alberta	3	2	11
British Columbia	10	4	—
Yukon	1	—	—
	124	88	33

This estimate, it will be seen, gives Conservatives a majority of three over Liberals and Progressives combined.

What Conservative Leader Actually Said at Halifax

No Reference Whatsoever Made to Railway Commission, Text of Canadian Press Report Shows—Truth of Election Pamphlet Challenged by Mr. Meighen

TORONTO, Oct. 8.—Speaking at Vancouver last night, Rt. Hon. Arthur Meighen, in referring to the election pamphlet entitled "Who's the Friend of British Columbia?" denied he had made certain statements contained in such pamphlets as "The Canadian Press" and "The Canadian" which had been based on dispatches of the Canadian Press from Saint John, N.B., and Halifax, N.S. In particular Mr. Meighen stated he had never mentioned the judgment of the Railway Commission.

The Canadian Press report of Mr. Meighen's meeting in Saint John contains no allusion whatever to the Railway Commission.

Speaking at Halifax on September 15, Mr. Meighen was preceded by Senator Robertson, who was then reported by the Canadian Press as saying: "The Government had made concessions to the Progressives which had cost the country a good deal. The latest blow which the Government had struck at the rest of the country was the Railway Commission granting reduced rates on grain and flour to British Columbia. This meant a further tax of \$15,000,000 a year on the Canadian railways. It was in addition to a prior gift to the Prairies which cost the railways \$25,000,000."

Speaking on the same occasion, Mr. Meighen made no reference whatsoever to the judgment of the Railway Commission. His reference to railway rates, thus reported, textually was as follows:

"There had been a measure of relief in rate for the West which was 'utterly indefensible,'" said Mr. Meighen.

"The Government by legislation had granted the Crow's Nest rates on grain and flour to the West and in this way reduced the high rates prevailing on the Maritime Provinces. 'We're anxious for low rates for the West and for all parts of the country. We do believe that you can't legislate low rates for one part of the country at the expense of all other parts,'" Mr. Meighen said.

"The first indictment I make against this Government is that it perpetrated one indefensible wrong, a gross injustice and utter injury against the Maritime Provinces when it legislated rates for the Maritime Provinces and refused them to others," Mr. Meighen asserted.

He believed, said Mr. Meighen, in the integrity of the Railway Commission and that its independence must be maintained.

Sowash Refused Hijacking Role, Counsel Claims

May Have Been Accessory After Fact, but Not Slayer, Court of Appeal Is Told at Hearing

VANCOUVER, Oct. 8.—"Did Owen Baker and Harry Sowash agree to perpetrate an unlawful act together or did Sowash decline to take part in the hijacking of the Beryl G. which culminated in the killing of Capt. W. J. Gillis, (last night), after that, making himself accessory after the fact?"

This point was stressed by R. D. Harvey, counsel for Sowash, before the court of appeal this afternoon, when he pointed out that, after being informed at Cadboro Bay by Baker, as to the nature of the expedition proposed, Sowash retired to his bunk.

The evidence of Stromkins, counsel remarked, was to the effect that Sowash appeared on the Beryl G. some time after the hijacking, but he was not killed when he came from the forward cabin with the captain's son, whom he struck with the learned trial judge, counsel argued, would have the effect of causing the jury to believe that Sowash was accessory after the fact.

Fireman Is Killed By Shipboard Blast

Explosion on Steamer Believed Caused by Detonator Concealed in Coal

LONDON, Oct. 8.—A message from the steamer Roman Star, from Cape Town for London, says an explosion which occurred on board while the vessel was off the French coast last night and which caused the death of one fireman and the injury of three others, is believed to have been caused by a detonator concealed in the coal.

The Roman Star had great difficulty in clearing from South Africa owing to the shipping strike. She has a cargo of oranges.

Ten Cardinals to Attend U.S. Eucharistic Parley

ROME, Oct. 8.—Ten cardinals from Italy alone will attend the Eucharistic conference to be held in Chicago beginning June 26, 1926. It was announced today. Cardinal Giovanni Romani, former Apostolic delegate to the United States, is considered the probable choice of the Pope as papal legate to the conference, which is considered here to be of unusual importance, not only for American Catholics but for the entire church.

Nations Urge Germany to Enter League

Britain and France Exhort Berlin to Join Geneva Body Without Reservations of Any Kind

BRITAIN AND FRANCE EXHORT Berlin to Join Geneva Body Without Reservations of Any Kind

Brilliant Pleas Heard at Locarno

Impossible to Grant Teutons Status Denied to Other Peoples, Security Conference Told

LOCARNO, Oct. 8.—Germany today heard arguments seeking to persuade her to enter the League of Nations without making reservations or insisting in advance on a position of privilege.

Austen Chamberlain, British Secretary for Foreign Affairs, and M. Briand, the French Foreign Minister, in brilliant speeches before the security conference, urged upon Dr. Brüning, the German Chancellor, and Gustav Stresemann, the Foreign Minister, the desirability of Germany's adding her strength to the power of the League, so that the Geneva organization may develop into a really effective body for tranquility.

Ready to Recommend Clause

They virtually told Germany that Article XVI of the covenant which deals with the application of penalties against aggressors, and to which Germany objects, can best be amended when that country becomes a member of the League, and promised to help Germany make any reasonable shifting of the provisions of that clause.

Both Mr. Chamberlain and M. Briand repeated what President Leighton had said in the League council already have told Germany in formal communications—that any extension of special treatment to the German republic would violate the principles of equality which are the very basis of the League, because all other nations have subscribed to the covenant without privilege.

Complications Feared

Dr. Stresemann answered, picturing his distressed and impoverished country, which seeks only the right to guard her neutrality in the event of any European conflict, and to avoid complications with her neighbors, which were almost certain, if Germany were overrun by foreign troops in the operation of military penalties against an aggressor country.

Steamer Hits Near Anacortes

Potlatch Goes Ashore in Morning Fog—All Passengers Safely Removed

SEATTLE, Oct. 8.—While proceeding in a heavy fog from Bellingham to Seattle, the steamer Potlatch of the Puget Sound Navigation Company went on the rocks early today on Huckleberry Island, about two miles north of Anacortes. It was reported that the vessel was damaged.

Forty-five passengers on the vessel were safely taken to shore in small launches. They were taken to Anacortes, where they were put on the Seattle by railroad. No one was injured and damage to the ship was believed to be slight.

Captain Louis Van Beger, commander of the vessel, and his crew of twenty-five, stayed with the steamer, which was reported tonight to still be high and dry.

The Potlatch, owned by the King and the Bahadur, were standing by and expect to pull the ship off the rocks tomorrow.

Wong Murder Charge Handed to Grand Jury

VANCOUVER, Oct. 8.—An indictment charging Wong, "Tom Sing," Chinese, with the murder of Janet Smith was handed to the grand jury here today by Mr. Justice D. A. McDonald.

If a true bill is returned the trial is expected to proceed early next week. The jury was still considering the indictment tonight.

Three Killed In Explosion

Forty Injured When Blast Wrecks Ten-Story Building in St. Louis

ST. LOUIS, Oct. 8.—The death toll of a terrific explosion that enveloped the ten-story Laclede Gas Company building in the downtown district here late today stood at three tonight after the ruins of the first floor and basement had been carefully searched.

The list of injured who received hospital treatment stood at forty, seven of whom were in a serious condition. The number of persons cut by falling debris and otherwise slightly hurt in the confusion, police estimate at forty more. Burning ammonia tanks in the basement spread the ruin, but what caused the tanks to explode was not ascertained.

Woman Missing in Vancouver

VANCOUVER, Oct. 8.—Believed to have become hopelessly confused in the dense fog prevailing over the city for two days, Mrs. Mary Dahlquist, sixty-two, a stranger in the city who was reported as missing to the police Wednesday night, was still unlocated, according to the authorities at a late hour tonight.

Blackmail Charge Confirmed by Jury

Man Who Demanded Money From Japanese Found Guilty at Vancouver Assizes

VANCOUVER, Oct. 8.—Without leaving their seats, the jury at the assizes court this afternoon returned a verdict of guilty in the case of Arthur Bradley, charged with blackmail. The evidence showed that the accused wrote threatening letters to Japanese citizens, demanding \$1,000 a month to be left at Dunlavy Avenue and Keefe Street at a given time.

These letters were handed over to the police, with the result that when Bradley went to pick up the cash, he was arrested. Sentence was reserved until the close of the assizes.

"Count," Held for Fraud, Declares Himself Insane

Cannot Be Trusted, Says Ponisowski, Hollywood Favorite, in Winnipeg Court—Reputating Title, Man Thrills Police With Tale of Adventurous Life

WINNIPEG, Oct. 8.—With the assertion that he was insane and could not be trusted, Vladimir Ponisowski, twenty-three years old, known to exclusive Hollywood motion picture circles as "Count Ponzi," and upon his own admission, "a man of international reputation," stood in the dock at the city station today charged with fraud. He was remanded to Monday, October 12.

Ponisowski, arrested at North York, Ontario, after a long career in Winnipeg, during which he is alleged to have passed several worthless checks on local business firms, is declared by police to have "dotted the continent" with forged checks. He is wanted in Los Angeles, Phoenix and Minneapolis, while he had admitted to the police that he had been arrested in Paris and Liege on similar charges.

In declaring himself insane, he said he was subject to an affliction which periodically attacks him and makes him perform queer actions. Claiming his father to be a wealthy German newspaper owner, he indignantly repudiated the title of "Count" and related to police officers a remarkable story of his career, which included a sentence of death for high treason in Germany, which was withdrawn just as he was placed before a firing squad, of his serving in the French army, and the declaration that he was a graduate of Oxford University.

When arrested, police say, his total wealth consisted of \$2.90. His counsel announced today that he would fight extradition proceedings.

Eight Manitoba Seats Sure to Go Conservative

Party May Also Be Successful in Four Others—Other Parties May Win in Five Ridings

WINNIPEG, Oct. 8.—In this province the fight continues to be a contest between the Conservatives and Progressives except in two seats, South Winnipeg and St. Boniface. It is true there are Liberal candidates in several other constituencies but most of them will retire before the election.

Winnipeg will return three Conservatives, Rogers, in South Winnipeg; Kennedy, in South Centre Winnipeg; and Bane, in North Winnipeg.

Former Minister Out of It

In North Winnipeg, the contest is between Blake, Conservative, and Heaps, Independent, as E. J. McMurray, the late Solicitor-General, will run as a Liberal. If a Liberal is nominated, then J. S. Woods, Liberal, Socialist member in the last Parliament, will win.

Hon. Arthur Meighen will have a majority of nearly a thousand in Portage la Prairie. Other sure Conservative seats are St. James, Dauphin, Brandon and Marquette. These, with the three Winnipeg seats, gives the Conservatives eight sure seats in this province.

Ship Feared Lost With All Aboard

Capetown, Oct. 8.—The Greek steamer Margareta, which left East London, Cape Colony, yesterday, with a cargo of maize, is believed to have gone down with all hands during heavy weather this morning off the coast.

Saanich Man Meets Death

Mr. John Girling Has Skull Fractured When Thrown From Motorcycle

Mr. John Girling, of Ralph Street, Saanich, youngest son of Mr. G. G. Girling, works superintendent of Saanich Municipality, died in St. Joseph's Hospital last night as a result of injuries received late yesterday afternoon in an accident on the corner of Carey and Harriet roads, Saanich.

Riding along Harriet Road on his motorcycle at 2:45 p.m., Mr. Girling was making the turn on to Carey Road when his machine crashed into an automobile driven by Mr. L. F. Solly, son of Mr. L. H. Solly, E. & N. Railway station agent here. Mr. Girling was plunged through the air to the pavement, fracturing the base of his skull.

The injured man was rushed to the C. & C. ambulance to St. Joseph's Hospital, where he was attended by Dr. Howard Miller and Dr. J. P. Gussin, the house physician. He was suffering from concussion of the brain.

Conservation Is Held

When admitted to the hospital Mr. Girling was quite conscious and spoke to the medical men there, telling them about the accident. He was brought to the hospital at 6 o'clock, and two hours later lapsed into a state of semiconsciousness, suffering greatly with pains in his head. At 8:30 p.m. Dr. Thomas McPherson was called in for a consultation and the three doctors were joined by Dr. J. H. Moore.

Liberals to Open Campaign Tonight

Minister of Public Works in Last Federal Cabinet Will Be Speaker

Arrangements are complete for the opening meeting of the Liberal campaign in Victoria to elect the choice of the Liberal convention, Mr. William McKel, M.P., Hon. Dr. J. H. King, Minister of Public Works in the Mackenzie King cabinet, will be the principal speaker, and will be followed by Brig.-Gen. Victor Odium, one of the Vancouver Liberal members in the Provincial Legislature, and the candidate, Mr. Ivel.

The chairman will call the meeting to order at 8 o'clock.

Women Police Officers Advocated in Vancouver

VANCOUVER, Oct. 8.—Women on the police force to keep an eye on their own sex in beer parlors, dance halls, at the beaches and to rout out disorderly houses are absolutely essential in a city the size of Vancouver, a large delegation from the Women's Council informed the police commissioners at their regular session today.

In reply Mayor L. D. Taylor informed the women that no funds remain to enlarge the police force this year. He said, however, that the project has the sympathy of the commissioners and that a complete investigation will be made.

Record Price Is Paid For Stock Exchange Seat

NEW YORK, Oct. 8.—A record high price of \$125,000 for a seat on the New York Stock Exchange was paid by Arthur L. Karpis, of New York City, today for the membership of Hugo Blumenthal.

This was \$1,000 above the previous record.

New Candidate Named

Withdrawal of Rev. Remington Walker, of Alaska, as Conservative candidate in Kinderley constituency, a second nomination convention has been held and James L. Atchison, an Asquith business man, nominated.

SASKATOON, Oct. 8.—Owing to the withdrawal of Rev. Remington Walker, of Alaska, the Conservative candidate in Kinderley constituency, a second nomination convention has been held and James L. Atchison, an Asquith business man, nominated.

Prosperity in U.S. Caused by Tariff Walls

Mr. C. H. Dickie Points to Great Development of U.S. Industry as Lesson to Dominion

Canada Is Steadily Losing Her Wealth

Pulpwood Forests of Canada Being Exploited for Benefit of United States Mills and Workmen

PROTECTIVE tariff, as high, if necessary, as the tariff wall built by the United States, is the only policy that will give to the Canadian people the prosperity which is their due, according to the opinion of Mr. C. H. Dickie, Conservative candidate in the Nanaimo Federal riding, and expressed in vigorous terms last night at meetings held at Royal Oak and Saanich.

Dr. Dickie dealt at length with the development of the great steel industry of the United States which had been entirely accomplished under a policy of protection so vigorously pursued that it had resulted in a practical embargo against importation of iron and steel products. Before the growth of the United States steel industry had commenced, that country had depended to a great extent on the steel mills of Great Britain. Most of the steel rails used in the construction of the Union Pacific Railroad were bought in the British market, and many of the locomotives used, he said.

Stimulate Steel

Those in control of the destinies of the United States at that time had realized that their country would never possess a great steel industry unless some measure of protection was provided, and, by stopping importations, made it necessary for consumers of the United States to develop their own resources. A high duty was therefore placed on importations. But it was discovered that the British mills were able to produce the duties levied. The United States then raised the tariff until it became virtually an embargo. From that time until the present the high tariff had been kept intact in the United States and the result had been the development of one of the greatest industries in the world, the steel industry, which has employed millions of workers who, in turn, formed home markets for the disposal of farm products, textiles, and all other commodities used by the people.

Mr. Meighen Ends Tour of Province

Speech at Kamloops Brings British Columbia Speaking Programme to Finish

KAMLOOPS, Oct. 8.—Bringing his whirlwind tour of British Columbia to a close, Rt. Hon. Arthur Meighen addressed a gathering of electors in a local hall tonight. The audience was a longer stop than usual at Kamloops to permit the Conservative leader to speak in this city. A capacity audience greeted him. The leader of the Opposition showed no signs of fatigue after the strenuous programme in Vancouver yesterday, when he put in the biggest day of his tour.

He had apparently completely recovered from the indisposition which hampered him a few days ago.

Prince Rupert, Oct. 8.—H. H. Stevens, of Vancouver, was given a very good hearing at a largely attended meeting in the International Hotel here.

Stevens, a Conservative candidate in Skeena, Mr. Stevens devoted his remarks largely to the tariff, finance and the Dominion to support the Conservative leader's brief address. He was Mayor Arthur Meighen of Kamloops, who presided over the gathering, and his cousin, Rt. Hon. Arthur Meighen, took advantage of a brief stop en route to Calgary to speak in a gymnasium near the station.

Stocking Manufacturers Forced to Mend Methods

CHICAGO, Oct. 8.—Because women's stockings have become outer garments instead of undergarments, manufacturers have had to change their dyes to resist fading by sunlight.

George H. Johnson, director of the research department of the Laundry Center National Association, made the statement here today before the laundry owners' convention.

The ultra-violet rays of the sun are the most serious enemy of all fabrics. Stocking manufacturers have had to consider this fact since women wear shorter dresses, he said.

This Is Anniversary Of the Chicago Fire

Fifty-Four Years Ago Today City Was Destroyed Though Trifling Misadventure

Fire Prevention Day, October 9, is the anniversary of the great Chicago conflagration of 1871, which was caused by a cow kicking over a lantern, and the resultant fire destroyed the entire city with a loss of more

than 200 lives. This day is chosen throughout Canada and the United States because the Chicago fire was one of the outstanding fires caused by human carelessness, but, today, ordinary every-day carelessness causes each year greater fire losses than the largest conflagration.

Fire losses in Canada for the week ending September 30 were estimated at \$165,000, and for the previous week \$157,000.

Mr. J. A. Thomas, fire marshal of the Province, has said that 400 homes were destroyed and fifteen lives lost in British Columbia last year, and a similar occurrence to the Chicago fire happened on one of the Islands last year when a lamp was knocked over by a horse, and some prize Jersey cattle were burned.

The Victoria fire agents, with the Fire Chief, have this week been waging a campaign to educate the school children to keep in mind "Fire Prevention," and the citizens generally are asked to clean up.

Some things to remember are: Have your flues examined and made safe.

Have your electric wiring and gas pipes examined and made safe.

Have all rubbish removed from within and around your premises.

Teach yourself and children the danger of fire.

Use safety matches, and keep them in a metal box.

Observe good housekeeping rules.

Keep your premises clean.

Tell your neighbor to do the same.

Have an extinguisher or bucket of water for fire purposes only, always handy.

Keep the gasoline you have to use in a self-closing metal can, and use it out of doors only.

Watch the careless smoker, and do not allow him to impose on you.

Call the Chief of Fire Department or local inspector when in doubt.

Help the Fire Department to fight your fire before it starts.

Agent—You had better let me write that insurance for you, Ratus.

Ratus—No, sah, hoat! I is not too safe at home as I is, sah.

Saanich Wants Definite City Water Action

Reeve Macnicol Says Further Delays by Victoria Will Result in Municipal Protection of Its Interests

"Limit to Our Patience"

Action by the Victoria City Council today prior to tonight's session of the Saanich Council in giving positive figures concerning the city's attitude towards Saanich municipality on the water supply question. The action is sought by Reeve Robert Macnicol, of Saanich, in a friendly letter which has been forwarded to Mayor J. Carl Pendray.

Mayor Pendray, who has been absent from the city for the past two days, completing arrangements on the mainland for the big advertising campaign to attract people to Victoria, to purchase city-owned property, is expected back at his desk in the City Hall this morning and undoubtedly will give immediate consideration to this communication.

"Time is passing," Reeve Macnicol writes the Mayor, "and falling in agreement with the city of Victoria in regard to a new water agreement Saanich must take the necessary steps to protect her own interests in connection with the water supply."

The Reeve's letter

Reeve Macnicol's communication to Mayor Pendray follows:

"We have a meeting of our council on Friday evening, October 9, and I would like to be in a position to advise the council what progress, if any, has been made in our negotiations with the city. I would therefore ask that your committee endeavor to let me know, some time on Friday, the exact position of matters, and if you are in a position to state if our offer has been accepted or not, or if you wish to again have our water committee meet the city representatives."

"Personally speaking, if you eliminate the ten per cent lease clause in our offer, I think that our offer of one cent per thousand gallons extra over the old rate is a reasonable one, especially in view of the fact that you could have bought water yourselves from the Esquimalt Waterworks Company at six cents per 1,000 gallons. Another point that should be taken into consideration is that cost of delivering water to Saanich is not so heavy as it might be to other municipalities."

Increase of Offer?

"I have no authority from the council for making any lease clause in our offer, but I have no doubt that Saanich might be willing to increase her offer to eight, seven and six cents, providing that the city would guarantee to give Saanich a rebate of ten per cent to cover loss in service."

"I am extremely anxious that an amicable arrangement be made with the city on this question of water supply, but there is a limit to our patience, and believing that we have adopted a reasonable attitude on the matter I do not see how I can recommend that we go beyond what I have stated in this communication."

Mr. Booth Claims Liberal Victory

Candidate Says King Government Has Made Good Pledge on Asiatic Exclusion

The administration of the Mackenzie King Government undoubtedly has secured for it another lease on office and that this conviction was strengthened each day as he moved through the Nanaimo Federal riding, were declarations made last night by Mr. T. B. Booth, Liberal candidate in Nanaimo constituency, who is opposing Mr. C. H. Dickie, Conservative standard-bearer, the member for that district in the last House, in addressing electors at Liberal gatherings at Metchoin and in Colwood.

The candidate discussed a number of the planks in the Liberal platform, giving his views on the policies of the Mackenzie King Government. The Liberal under Premier King's leadership had made good their pledges, he averred, to curb the influx of Orientals into Canada.

It was the Liberal Government, said Mr. Booth, that had placed head taxes on Chinese, increased this impost, and then recently brought regulations practically excluding Chinese immigration altogether.

Mr. Booth was supported by Liberal speakers at both his meetings. The issues of the campaign were discussed at the Metchoin gathering by Messrs. W. T. Strath, Carew Martin and Alderman W. Marchant, while those on his platform at Colwood included Messrs. H. W. Davey, C. H. O'Halloran, Mrs. Stuart Henderson and Alderman J. B. Clearhouse.

ple of cities and towns and villages. It might be argued that when the United States erected a prohibitive tariff wall against steel and iron imports, it increased the cost of these commodities and the products thereof to their own people."

Mr. Dickie added, "That is what happened. The price did go up to a slight extent, but it was more than made good by the circulation of huge sums of money among the people of the United States, which formerly had been hoarded by the banks of Great Britain for circulation in that country. The great outstanding fact is—and it cannot be met by any known free trade argument—that under the highest of protective policies, the United States steel industry has developed until it is the greatest industry in a nation of 115,000,000 people. And the United States is an industrial nation. The steel industry has over-shadowed all others in that country, and it is the steel industry that is looked upon as the barometer of industrial and business conditions in the United States."

Canadian Steel Trade

Dealing with the effect of the low tariff policy of the Mackenzie King Government in regard to the steel industry, Mr. Dickie pointed out that the growth of the business in the United States had overwhelmed the steel industry of Canada. A few years ago steel works in the Maritime Provinces had employed 10,000 men. Last April but 600 were engaged, and most of the balance had migrated to the United States to work in the steel mills of that country. \$150,000,000 worth of steel and iron products were sold in the Canadian market by United States mills last year.

"What if it not be a good thing—would it not be good common sense for Canada to follow the example set by the United States, and build a tariff wall against the imports of iron and steel from the United States so that we could develop our own industry, just as the United States has done by the importations from Great Britain and developed its present great business?"

Mr. Dickie asked, "That is the policy the Conservative Party stands for, not only as applied to the iron and steel industry, but to all industry including our basic one, agriculture."

Migration

The speaker declared that the great need of Canada today was more population, and the Conservative Party had a sound, reasonable, honest policy to get that population. First, it was necessary to keep Canadians at home, and secondly, it was necessary to bring more people into the country and keep them here, prosperous and contented when they arrived. A firm tariff policy that would protect Canadian industry from the unfair competition of countries which failed to sustain a standard of living as high as that insisted on by the Canadian workingman, and a tariff that would make it possible for Canadian industry to successfully compete in the Canadian and the world markets with industry of the United States, and which would preserve the Canadian home market for Canadian agricultural products was the best step, he said. The result would be the rejuvenation of Canadian factories. New capital would not be afraid to invest. Employment would be given to an army of workers, each one of them being a consuming unit in the home market of the Canadian farmers. Raw materials would be conserved for manufacture within the borders of Canada, and Canada would export the finished product instead of the unmanufactured substance. Under such conditions prosperity would be born, he said, and no longer would the Canadian boy and the Canadian girl be forced to go to the United States in order to make a living. No longer would immigrants from the British Isles come into Canada only to use this country as a brief stopping place during their journey into the United States.

Asbestos Shipments

As an instance of how Canada was being robbed by the United States under the policies of the Liberal Government, Mr. Dickie told of the mining in Quebec province last year of asbestos and its shipment to United States mills for manufacture. Canada, he said, had almost full control of the asbestos supply of the world, but it would not last forever, and it took a million years to form an asbestos deposit. During last year raw asbestos rock valued at \$7,000,000 had been shipped from Quebec to the States. It was there manufactured into articles worth \$77,000,000, largely by French-Canadian workmen who had been forced to go into the United States in search of work. Canada, he said, lost goods to the value of \$70,000,000 in that one instance alone. Of that amount, approximately \$10,000,000 represented wages paid to workmen in United States mills. If that amount had been paid in Canadian factories to Canadian workmen, it would have supported a large town. Also, it must be considered, he said, that a large amount of the goods manufactured were sold by the United States makers in the Canadian market, payment for which, in Canadian dollars, went to the United States never to return.

Under the policy of the Liberals,

pulpwood and raw logs were being shipped from the forests of Canada to the United States for manufacture there, and many millions of dollars had been lost to Canada as a result. What was worse from the Canadian point of view, many thousands of Canadians had been forced to go to the United States in order to work in United States sawmills and paper plants.

British Columbia exported 240,000,000 feet of raw logs to the United States alone last year, he declared. During 1924 the lumber export trade of British Columbia with Australia decreased by 40,000,000 feet, yet, during the same period, mills of Washington and Oregon States had shipped 50,000,000 feet more to Australia than they ever had before.

Oriental Exclusion

Dealing with the Asiatic exclusion question, Mr. Dickie declared that Mr. Booth, the Liberal candidate in the Nanaimo riding, was trying to "put something over" on the people. He, Mr. Dickie, had always been in favor of Asiatic exclusion. Two years ago, when he had been a member of a commission, appointed to investigate the situation, he had recommended that exclusion of twenty-five per cent be made effective on the Skeena and Nass rivers. He had taken that stand because canners of that area, residents and fishermen had convinced him that white fishermen could not be obtained who would fish the turbulent waters of those two rivers. His colleagues on the commission had recommended a reduction of forty-five per cent in the Asiatic fishing licences. Coming south to the Fraser River, they had found it filled with Japanese fishing boats. The Fraser, in his estimation, was suited for white fishermen, and he had sought to secure a reduction in Japanese fishing licences of fifty per cent. The other members of the commission had disagreed with him, and the result was that a smaller reduction was made.

"Mr. Booth will not tell you about that, however," Mr. Dickie observed. He also charged Mr. Booth with declaring at one of his meetings that he, Mr. Dickie, had lost two fortunes in mining ventures, and consequently was not a fit person to represent the Nanaimo riding in the House of Commons. Mr. Dickie agreed that he had lost some money in the mining business, also, he had made some, but all he had worked and spent his money in efforts to develop the mineral resources of the Province, and while he had not done anything great, yet he had made some progress along that line.

Hon. Dr. S. F. Tolmie

Hon. Dr. Tolmie, Conservative candidate for Victoria and Dominion organizer for the Conservative party, speaking at the Saanich meeting, dealt with the injuries wrought to Canadian agriculture through the policies of the Liberal Government. He also pointed out how the King Government had to a great extent sacrificed the Canadian farmers in its Australian trade policy. The Canadian market had been opened to Australian farm produce in a great many instances.

Hon. T. G. Coventry, Conservative member in the Provincial Legislature for Saanich, dealt with the tariff question largely as it related to the agricultural industry, and showed how, under Liberal policies, farmers and poultrymen of United States had been able to glut the Canadian market with surplus goods to the detriment of the Canadian producers.

Capl. H. P. Matheson, formerly Provincial party candidate in the Esquimalt riding, while confining his address to brief limits, made a strong appeal to the electors to support Mr. Dickie and the Conservative policy.

Mr. Munroe Miller, who was the Provincial party candidate in Saanich during the past Provincial election, dealt with the principles of protection as opposed to those of free trade.

Rotarians Will Hold Luncheons At the Empress

Local Service Club Decides to Change Meeting Place—Members Enjoy Recital of Boys' Work Activities

Boy Soloist Is Heard

The weekly luncheons of the Victoria Rotary Club will, in future, be held in the ballroom of the Empress Hotel. This decision was made yesterday by the Rotarians, who by a three to one vote, endorsed the resolution to move from the Chamber of Commerce to the Empress Hotel for the club gatherings every Thursday at the noon hour.

The programme of the luncheon was in charge of the boys' work committee, and presided over by Rotarian Bill Nachtigal, chairman of the committee. Rotarian Arthur E. Mallett, who attended the recent International Rotary convention at Cleveland, Ohio, reported upon the work transacted there in connection with boys' activities. He pointed out the success of the Cincinnati Rotary Club in holding an annual camp for 100 children, and advocated the desirability of a similar undertaking by the local Rotary organization.

The chairman reviewed the work which the local boys work committee was doing. It had seven cases in hand at the present time, and the majority of such cases dealt with girls. The committee kept in touch with the schools, school health officer, and other agencies in order that it might ascertain cases which could be aided by its efforts.

A plea for assistance in the drive to obtain more members for the Victoria Chamber of Commerce was made by President Bob Mayhew. He said that the members of the Rotary Club owed this duty to the Chamber as a public service. He requested as many members as could to meet him on Monday at 2 p.m., and they would go out and make a vigorous drive for the Chamber.

Master Martin Leighton Winter, boy soloist, who is a member of Christ Church Cathedral Choir, delighted the Rotarians by his excellent rendition of several vocal selections. Hearty applause was showered upon him by the clubmen, who enjoyed his offerings so much. He was accompanied on the piano by Mr. Jack E. Rimes.

Suicide By Gas

MONTREAL, Oct. 8.—Henry Hervey, twenty-eight, was found dead last night on the floor of the kitchen of his home with all the jets in the gas stove open. A letter beside the body stated that "when you come back you'll find me dead." Reference was also made to his having lost his love.

Women Offer Reasons Why They Do Not Run More for Public Office

Question Discussed at Institute Conference—Industries Reviewed in Able Address by G. I. Warren—Miss Bowron Speaks on "Citizenship"

Jealousy, "cattishness," fear of criticism and a sense of incompetency were among the reasons given "why women are not better candidates for public office," in a live discussion precipitated in the Women's Institute Conference yesterday afternoon by Miss Lottie Bowron when she asked this question in the course of an address which she gave on citizenship.

Delegates rose briskly to offer explanations. The foregoing were offered first, but Miss Ravenhill, taking up the cudgels for her sex, denied these accusations. The real reason, she thought, why women did not come more into public life now that they had the franchise, was that many of them were self-deprecating. Many of them lived in a circumscribed circle and felt they were not competent to come out and deal with the larger things. But they should not belittle the smaller things which they were prone to consider as making up their daily routine. If these smaller things were essential at all, then they were important; and women should call attention to the fact. In public office they would have an opportunity to do this and would thereby be well by going so. Furthermore, referring to the alleged "fear of criticism," Miss Ravenhill urged that a distinction be made between criticism and comment. Comment was simply thoughtless, and might be harmful; whereas criticism was constructive. One could learn much from honest criticism.

Industries

The question of industries was well aired. Mrs. Service reviewing the question from the institute standpoint in her report as convenor for the industries committee, while Mr. G. I. Warren, representing Mr. Schwenker of the Chamber of Commerce, gave a splendid survey of the industrial activities and resources of British Columbia.

Mrs. Service's report was in the form of a digest of the replies contained in the questionnaire circulated among the institutes, and revealed that among the local industries in which the women of the island are engaging are warping and planing, canning, and glove making. Tribute was paid in the Mel'chiosin report to the encouragement which Mrs. MacVicar is giving to home industries in Matchosin.

Both in the discussion which followed and in Mr. Warren's address the need of capital for the development of industries was emphasized. Mrs. Campbell advanced the idea of the establishing of a curb market, with the idea of eliminating the middleman and the consequent price consumer into direct touch. Mrs. Mitchell (Valdez Island) thought farmers were not as business-like as they might be in taking their produce to the retail merchant. "Farmer, retailer and consumer" were all that Mrs. J. D. Gordon thought necessary in a city like Victoria.

Home Products

In beginning his address Mr. Warren congratulated the Women's Institutes on their activity in supporting home industries and local products. He rapidly sketched industrial conditions in the Province of British Columbia, with an area of 355,000 square miles, a population of 600,000, held within her borders iron, steel, coal, asbestos, sand, soda, lime and lead, china clay, 350 billion feet of standing timber, and numerous other things. Lumber stood first; agriculture second; mineral production third; and fishing fourth in the way of resources. In the matter of manufactures British Columbia stood third among the provinces of the Dominion, there being 482 different articles manufactured here. If a British manufacturing firm shipping to the Orient could be induced to locate factories on the coast of British Columbia it would save between 5,000 and 6,000 miles in shipping distance. There was no reason to be anything but hopeful of the future.

Asked about developments on the island, Mr. Warren spoke of the grain elevator, the proposed lumber assembly plant, and the shingle mill; all these would help Victoria. "Things never looked better for the industrial development of Victoria than they do at the present time," he added.

The Women's Institutes were told about the Chamber of Commerce's recent trip up the west coast, and of some of the conditions which they had found. The development of the west coast would mean much to Victoria.

Referring to the further development of industries here, Mr. Warren stated that ex-Alderman John Harvery was at the present time in England laying before British manufacturers the advantages of establishing industries or branches of industries in this part of the Empire, with a view to getting British capital into British Columbia.

"We have the advantages, and what we want is the capital," he reiterated, referring particularly to the proposal for the establishment of a woolen mill here.

Immediately following Mr. Warren's address Mrs. Campbell suggested that the resolutions committee frame a resolution calling for the extension of the road from Victoria to Port Renfrew, one of the isolated West Coast points mentioned.

Citizenship

Miss Bowron, in beginning her address on "Citizenship," recalled that the Women's Institutes had called the first public meeting held in connection with the Victoria War Memorial erected during the past Summer.

A citizen, she defined, was one who had the full privileges of citizenship. The vote was women's way to liberty. And those who did not exercise the franchise had no right to criticize the people elected to office, for by not voting they had as surely put the person there as if they had voted. The speaker thought there should be more women in Parliament, more women magistrates and more women aldermen. The chief reason why there were not more was that women did not have as much other. Yet women were wanted in those offices, not because the men were lacking in vision, but because their particular kind of vision and women's

ent. And both were needed to the perfect administration of the state. Also, women must be willing to run for office even in the face of possible defeat. They must learn to take defeat, to put the cause before self. The Boy Scout and Girl Guide movements were warmly endorsed as tending toward the making of good citizens.

Synod Appreciates Work for Chinese

Rev. D. A. Smith, B.A., Recommended to General Mission Board for Special Duty

Rev. D. A. Smith, B.A., has been highly complimented by the Presbyterian Synod of British Columbia in a resolution which that body passed at its final session yesterday morning. This resolution, after placing on record its high appreciation of Mr. Smith's work among the Chinese of the Western district, recommended him to the General Mission Board for superintending work in all provinces where Chinese live in any numbers, with a view to securing their organization into Sunday schools, Bible classes and other evangelical bodies.

Mr. Smith has a good knowledge of the Chinese languages as well as considerable experience among them. The closing session of the synod dealt with a number of important matters. St. Andrew's Church, New Westminster, was selected for the next meeting place for the synod in the Autumn of 1926.

Following the report of Dr. Essler, commending Mr. John McTurk for the fine work he had done in British Columbia as an evangelist, Mr. McTurk was recommended by the synod to the evangelistic committee to travel through the Province under the auspices of the Presbyterian Church. The synod reaffirmed its attitude against Sabbath desecration, "intemperance, gambling and similar prevalent moral evils," and called on the people of the Presbyterian Church to use their influence against these things.

To Bring Whole Coast Into Unit

Chambers Would Extend Plan of Pacific Northwest Cities Into General One for Coast

Organized publicity in connection with the Pacific States, as developed already in a limited way for the cities around Puget Sound and the British Columbia Coast, is planned to be extended to the whole Pacific Coast seaboard. Californians, Incorporated, a booster organization in the Golden State, is sending out a convention call for a conference to be held within thirty days at San Francisco.

It is proposed to raise a joint advertising fund of \$125,000, to be spent during 1926. It is designed to raise the fund by contributions from the participating cities, on a per capita basis. "Pacific Coast Cities, Associated" is one of the names suggested for the new body, which would function in the same way as does the Puget Sound and British Columbia, Incorporated, of which Victoria is a member. This organization raises its funds on a population basis.

The extended project is reported to have the support of several chambers of commerce in the Pacific states.

Obituary

ROBINSON—Funeral service was held at the Thomson Funeral Home, 25 Quadra Street, yesterday afternoon, at 2 o'clock, for the late William Robinson, who passed away at an early hour Monday morning. The Rev. John Goodfellow, associate pastor of the First Presbyterian (United) Church, officiated, and during the service the hymn sung was "Abide With Me." There were many friends present and beautiful floral tributes covered the casket, bearing testimony to the high esteem in which the late Mr. Robinson was held by his many friends. The following acted as pallbearers: Messrs. P. Shandley and D. O. Sullivan, representing the Customs Department; Mr. William McKay, representing the Public Works Department; and Mr. James Turnbull, a personal friend. The body was laid to rest in the Ross Bay Cemetery.

GARRARD—The funeral of baby Jacqueline Garrard, three-weeks-old daughter of Mr. and Mrs. William Garrard, of 25 Cook Street, took place yesterday afternoon at 2 o'clock from the Sands Funeral Chapel. The Rev. F. A. P. Chadwick, officiated, and relatives and immediate friends were present. The little casket being covered with many beautiful flowers. The body was laid to rest in Ross Bay Cemetery.

SIX Months for Murder
COCHRANE, Ont., Oct. 8. — Six months in prison was the sentence imposed by Mr. Justice Wright today on Emil Baron, who last July killed Donald Chapman with an axe, and whom Baron had found with his wife in their home in Timmins. Baron was found guilty of manslaughter after having admitted the deed.

City and District

Y.W.C.A. Rummage Sale—The Y.W.C.A. will hold a rummage sale on Saturday morning at 9:30 o'clock at 631 Yates Street, near Broad Street.

George Simpson is resuming his children's Saturday afternoon dancing class at three o'clock tomorrow at the Chamber of Commerce.

Home Cooking School—The Girls' Auxiliary of St. John's Church will hold a home cooking class on Saturday evening at the Royal Victoria Theatre on "The General Election," commencing from a new angle.

Opening Banquet—Mrs. To Talk on "The General Election" — Rev. Dr. Davies will speak on Sunday evening at the Royal Victoria Theatre on "The General Election," commencing from a new angle.

Regulations Violated—Magistrate Jay disposed of seven charges yesterday against drivers of automobiles of violating the regulations governing parking, etc. Fines to the extent of \$23 were inflicted.

Bank Clearings—The bank clearings for the week ending yesterday were \$382,192, compared with \$2,082,107 in the corresponding period of 1924. This is regarded as a satisfactory figure.

Oriental Exclusion League—Owing to the large number of political meetings being held in connection with the Dominion election, the mass meeting announced to take place under the auspices of the Oriental Exclusion League, at the Chamber of Commerce on Monday next, has been postponed until a date to be fixed.

Hearing Adjourned—Charges were read in police court yesterday against Ling Chow of conducting a place where gambling was carried on, and against Lee Tuck and twenty-eight others of being found in the place. On the request of Mr. H. W. R. Moore, counsel for accused, the hearing of the charges was adjourned until Tuesday next.

Place of Meeting Changed—Members of Western Star Lodge No. 7, A.O.U.W., are hereby informed of the change in address of the next meeting, which will be held Monday next, October 12, in the grand lodge office, 1213 Langley Street, room one, at 8 p.m. Important business must be discussed and all members are urged to attend.

A Double Marrow—An unusually modest gardener has brought to the market office a double marrow—literally a Siamese twin of a marrow—which has grown into vigorous marrows with a common skin uniting it vertically. Fresh vegetables are not unusual, but this is exceptionally well formed in its double character.

Interdiction Stands—Expressing the view that Chief of Police Fry had acted wisely in making an interdiction order, Judge Campbell refused today to interfere on the appeal of John Pullen. In view of the fact that \$1,285 worth of liquor had been purchased by the complainant from January to August, there was, in the opinion of His Honor, good reason why he should be refused any liquor.

Inquiry by Benchers—The benchers of the B.C. Law Society will meet in Vancouver, Saturday, to consider complaints made with respect to the conduct of the criminal case of Rex vs. Yamamoto, tried at Nanaimo at the last sittings. The accused was charged with murder and it is complained that although there was some statement as to his being insane available this was not used before the conviction of the man was secured.

Navy League Tag Day—On Saturday, October 17, the Navy League will hold a tag day under the patronage of Mr. Crocker, who will have associated with her Mrs. Booth, Mrs. Raven, Mrs. Curtis Sampson, and Miss Lottie Howson. For the purpose of making arrangements.

Speaking for Campaign—The many friends of Rev. Dr. A. E. Mitchell of Vancouver, will be pleased to learn that he has been secured by the local committee to speak here at the spiritual campaign carried on by the United Churches of Victoria and district. Dr. Mitchell is pastor of Mount Pleasant United Church (formerly Presbyterian) and is chairman of the British Columbia Interim settlement committee. He will deliver the closing address of the campaign at a mass meeting in the Metropolitan United Church on Friday evening, October 23.

Women's Educational Club—The regular monthly meeting of the Women's Educational Club of the United Church was held yesterday afternoon at the home of Mrs. W. E. Hickey, 1814 Richmond Avenue. Mrs. Watson, the president, in the chair. There was a big attendance of members and their friends, who heard and discussed the address by Rev. W. W. Bottom, in which he told of his recent travels in the South Seas, where for a time his talents as a teacher were pressed into service in a native school. The proceedings included a short musical programme, with piano selections by Miss Eva Anderson and vocal numbers by Mrs. G. Reid.

Bishops Approve Heresy Conviction
Court's Decision Against Bishop Brown Is Upheld by Episcopal Leaders

NEW ORLEANS, Oct. 8. — The House of Bishops of the Protestant Episcopal Church in the United States of America today approved the finding of a court convicting Bishop William Montgomery Brown of heresy. More than two hours was occupied in executive session, and Bishop Brown addressed the House of Bishops on his case.

It was announced that the vote was ninety-five to eleven in favor of approving the court's findings.

The next step in the Brown case must be taken by the presiding bishop, the Right Rev. Elbert Talbot, Bishop of Bethlehem. The presiding bishop was notified by the House of Bishops of its approval and he may pass sentence at his pleasure.

Sidney Police Raid Opium Den
Officers Surprise Chinese in Second Floor Room—Case in Courts

Provincial police officers staged a big surprise on a party of Chinese at Sidney on Wednesday night when they suddenly made their appearance on the second floor of a house on Beacon Street, saw several Chinese smoking opium, and found on the premises opium smoking paraphernalia.

The keeper of the place, Lem Sam, and four Chinese who were there at the time, Joe Hong, Lum Sing, Yee Jung and Wong Hong, were taken in charge by the police, transported to Victoria, and yesterday morning were arraigned before Magistrate Jay in the Provincial Police Court.

Mr. W. C. Mureby appeared for the Chinamen, and secured an adjournment of the cases until next Thursday morning.

Constables Hatcher, Jacklin, Harvey, Bishop and Kelly paid their visit to the Beacon Street house at 9:30 o'clock, saw several Chinese smoking opium, and found on the premises opium smoking paraphernalia.

Attempts to escape were made by several of the Chinamen in the place, but the police officers report, but these efforts proved unfruitful, and they were all escorted to the police station.

The police found on the premises one full box, and a few little tins containing opium, two pipes, two lamps and a quantity of other smoking paraphernalia.

Train Decapitates Unidentified Man
SICAMOUS, Oct. 8. — The headless body of an unidentified man rolled away from the railway tracks, a little way out of here tonight, when the westbound express of the Canadian Pacific Railway came to a halt with grinding brakes. The engineer of the train saw the man lying on the tracks, with his head on the rail, too late to avoid the accident. The body was taken into Salmon Arm.

Buffet Luncheon

Miss Alice Pooley was a charming hostess yesterday at her home, "Fernhill," Esquimalt, at a buffet luncheon party, her guests including Mrs. Norman Rait, Mrs. Edwards, Mrs. Thorpe-Douglas, Mrs. L. A. Genge, Mrs. Douglas Hunter, Mrs. P. S. Lippman, Mrs. E. Matthews, Mrs. Dugald Gillespie, Mrs. Boyd, Mrs. Parkes, Mrs. T. McPherson, Mrs. H. J. Davis, Mrs. A. S. Wright, Mrs. A. W. Harvey, Mrs. A. D. Macdonald, Miss Vivian Watson, Miss Katherine Leewen and Miss Phyllis Henderson. Bridge and mah jong were played later, and a few additional guests arrived for tea. Beautiful tables were arranged in the drawing-room and the tea table was lovely with crimson and pink sweet peas and roses.

Entertained at Tea

Mrs. M. Sweeney entertained Wednesday afternoon at her home on Trutch Street in honor of Mrs. Ravenden, who has returned to Victoria after three years' absence in Milwaukee. The house was charmingly decorated with Autumn flowers, chrysanthemums and Oregon grape being used in the drawing-room and reception hall, while in the dining-room were lovely pink roses. Mrs. Sweeney and Miss Lillian Sweeney poured tea and coffee. The guests included Mrs. Ravenden, Miss Vivian Ravenden, Mrs. O'Kieffe, Mrs. Leblanc, Mrs. Morrison, Mrs. Cattle, Mrs. Cameron, Mrs. McKenna, Mrs. Mercer, Mrs. Moody, Mrs. Goss, Mrs. Stewart, Mrs. Dewar, Miss Helen Stewart and Miss Sweeney.

Rheumatic Pains Go Swollen Joints Vanish

Thousands of sufferers have freed themselves from the bondage of rheumatism; rid themselves of the torturing pains; reduced the swollen joints; thrown away canes and crutches, and from helpless beings became able to work and be of use to themselves and their families.

They took Rheuma: the modern enemy of rheumatism, lumbago, sciatica, arthritis, and chronic neuritis.

Don't be skeptical about Rheuma. You will know in a few hours after beginning the work and he of use to themselves and their families.

There is no guess work about Rheuma bringing you back to health. Why wait the Vancouver Drug Co. and druggists everywhere sell it with guarantee of money back if it does not give quick relief. (Advt.)

Victoria Night School Is Now In Full Swing

Over 200 Enrol in Evening Classes at High School—One of Most Successful Terms Is Anticipated

Fine Teaching Faculty

One of the most successful seasons of the Victoria Night School in its eleven years of existence here will be experienced during the 1925-'26 term, which opened this week. If the interest and enthusiasm that have marked the commencement of the work be continued throughout the Winter months.

Over two hundred Victorians have enrolled in the Evening Technical Classes, which are being held at the High School under the direction of the Victoria Board of School Trustees, and under the personal management of Mr. W. H. Binns, supervisor of technical education.

Enrolment will take place for another three weeks at the School Board Office, at the City Hall, where Supervisor Binns will be in attendance every afternoon except Saturday, from 4 to 5 o'clock, to see those desiring information about the classes.

Classes will be held at the High School on Monday and Thursday evenings only, and will be continued until March 31, 1926.

These classes are specially established to enable young men and women to continue their education beyond what they have received in the day school, and to supplement their training for the successful prosecution of the trade or occupation in which they may be engaged.

Any person over the age of fourteen years who is not attending public school may attend the Night School, all classes in which commence at 7:30 o'clock.

The standard of the teaching is the highest obtainable, the most competent and efficient teachers having been secured for the art classes.

Miss McCorkindale Speaks to W.C.T.U. Conventions

PEMBROKE, Ont., Oct. 8.—"You are fighting more than your own battle; the eyes of the world are turned on Canada. Your victory makes it easier for us, and you must remember that you are fighting the battle for the Empire," said Miss Isabel McCorkindale, "Y" organizer and field secretary, Sydney, Australia, in an address given last night at the meeting of the convention of the Women's Christian Temperance Union.

"You have been somewhat betrayed, but the people are fighting the law and the law must remember that it is only the people in power that have betrayed you," the speaker said.

"If this battle was left to the people there would be no trouble in realizing prohibition, but it is the moneyed people who are able to accomplish any end through the spending of money."

"In India there is a pitiable condition. If an Indian walks down the street and sees a man hopelessly drunk, the popular phrase used is, 'He's a Christian.' This is because the liquor comes from the white men, whom they are taught to believe are Christians."

Prohibition Association Will Hold Convention

The tenth annual convention of the Prohibition Association of British Columbia will be held in Vancouver, Thursday and Friday, November 5 and 6, commencing at 2 o'clock, Thursday.

The convention is following a gathering of the forces of the United Church of Canada. Every church and every organization or lodge entitled to send delegates, is asked to arrange to have the delegate at the gathering of the United Church representatives at the prohibition convention.

Your Birthday

October 9—You have a thoughtful mind, common sense, and confidence in your own powers. You love children and animals, and are fond of amusement. You are just and loving in your home, and will be very fortunate in the selection of your mate.

Your birthstone is the opal, which means hope.

Your flower is the hop.

Your lucky colors are yellow and white.

Fashion Fancies

By Marie Belmont

Light-weight wool material plaided in blue and yellow and red makes the effective medium for this smart child's frock.

The border of the dress, as well as the collar and cuffs, is of plain dark blue wool fabric.

Plaid, by the way, is a smart medium for Fall. It will be used in children's frocks in smaller patterns and in frocks for grown-ups in larger patterns. Plaid makes a smart skirt to be worn with a plain color coat.

Bootees Aid Baby's Health

Old-Fashioned Voluminous Frocks No Longer Healthy or Popular—Knitted Bootees Keep Toes Warm

Do babies, modern, up-to-date babies, walk earlier than did their parents and grandparents? Dr. Eugene Ljman Flak, of the Life Extension Institute, says they do. And he gives as a reason for this the fact that children's clothes are more sensible today than they ever before have been. One look at an old-fashioned photograph album (if one can still be found tucked away in an attic or an old trunk), such as used to decorate, along with the family Bible and the stereoscope, the centre-table of the sitting-room of every well-regulated home, is enough to make us wonder how we ever grew up at all with such fearful odds against us.

That obviously scared baby of a few months, perched on a "high chair," was undoubtedly you, for your name and your age—three months—are written in faded ink on the back of the photograph. You were wearing a robe of voluminous material for an entire costume for the young girl of today. It hung in rich clusters from the tiny yoke, down the front of the chair, to billow on the floor. Heaven knows what other lengthy garments it concealed, but if you had feet at that age, they are not even indicated in the picture. The long dresses, from which one solemnly graduated at a certain age, are relics of the past, an old-fashioned family photograph album.

Long dresses now mean those a few inches below the feet, and after three months, even shorter dresses are worn. Twenty-four inches is a very long dress, indeed.

"Every baby should have free range of movement," said Dr. Flak. "No baby should ever wear anything, or be confined in something that prevents it from kicking out from under its muscles. The long dresses prevented this, and the short ones encourage it. The shorter dresses demand that the feet and legs should be protected from the cold. Women have assiduously met this demand by knitting woolen socks and booties. There can be no better protection from the cold than these garments afford. Young babies, especially, until they are accustomed to changes of heat and cold, with their skins are no longer susceptible, should wear such socks and booties with the short dresses. The anemic child, the child who is undernourished, should be given care in this respect, at no matter what age. The woolen socks that women knit for their babies are almost universally worn now by the babies in short dresses. Woolen socks, booties, coats and sweaters, hand made, add warmth so necessary both in Summer and Winter, and give this warmth while at the same time they allow the baby free use of its legs and arms and encourage the normal

Pirates Come Back to Even Up Series With Washington Senators

Three to Two Is Score in Second Game of World's Baseball Series on Forbes Field—Aldridge Showed Stout Heart in Pitcher's Box—Cuyler's Homer Made Spectacular Finish to Tight Game

Bluege Knocked Out by Bean Ball At Critical Stage of Contest

PITTSBURGH, Oct. 8.—Undaunted by their first setback the Pirates rallied forth today armed to the teeth, and came home with the home of the second world series battle after a rousing hand-to-hand struggle that was packed with thrills right down to the final thrust.

On the "chazy" battle ground of Forbes Field, flanked by a wild cheering throng of 43,000 non-combatants, the bold buccaners turned the tables on their Senator conquerors of the day before, broke up the sharp shooting of one of Washington's blizzards, Stan Coveleskie, and took the second game of the championship conflict in a dime novel finish with a home run by "Kiki" Cuyler and the stout pitching of Vic Aldridge turning the tide victoriously. The final verdict was gained only by the hair line margin of 3 to 2, with the outcome in doubt until the last out, but it was enough to put the Pirates on even terms with the world's champion Senators as the rival forces set sail tonight for the capital prepared to renew the engagement in the third tussle at Griffiths Stadium tomorrow.

Double Disaster

There was double portion of disaster for the Senators as they withdrew toward their home port, for besides losing the game and their brilliant young advantage yesterday, their ranks suffered a hard blow in the loss, at least temporarily, of one of their star third base guards. Bluege was hit just back of the ear by one of Aldridge's fast in-shots in the sixth inning and forced out of the game while Buddy Meyer, an untired recruit, took his place on the field. Bluege dropped as though shot and it first seemed that he was severely hurt, but he recovered sufficiently to walk from the field to the club house. There, though still in a daze, physicians discovered no apparent danger in his condition. He left shortly after his removal, but whether he would remain as the lineup tomorrow in spite of Manager Rube Harris' optimism on this subject.

The loss of Bluege, whose play had been a feature of the series thus far, came at a critical moment for the Senators, who were battling to break the one-one handicap brought about when Glenn Wright pitched shortstop, wallowing in a home run into the right field stands in the fourth inning that offset the advantage gained by the Pirates on Joe Judge's round-trip smash into the right-field grandstand extension.

Cuyler's Homer

Even with Bluege in the line-up, however, it is doubtful whether the Senators could have survived the final Pirate drive, in which Cuyler's homer broke the deadlock and scored Eddie Moore ahead of him with the deciding field stands in the fourth inning that offset the advantage gained by the Pirates on Joe Judge's round-trip smash into the right-field grandstand extension.

The Senators had filled the bases, with none out, in the ninth inning, and it was their last chance to push over one run on a long sacrifice fly by Bub Veach, in a pinch-hitting role, but Aldridge substituted him, and retired the dangerous Sam Rice on an easy buntout for the final out.

It was the second time that the world's champions filled the bases with none out, but on the first occasion, in the fifth inning, they were even less successful, going out without making a run.

Capeble Twirling

Coveleskie himself twirled capably, pulling himself out of bad holes in two innings, the third and sixth, but

Bluege took a brief warm-up after he got to the box and after Grantham conferred with Aldridge a few minutes. Rice took his position at the plate. Wright threw out Rice at first. The Pittsburgh infield kept talking to Aldridge. Harris fouled the ball trying to bunt. Stan Harris hit out on strikes, swinging a foot over Aldridge's drop ball. Goslin hit a long fly to Carey and the Pittsburgh crowd cheered for a full minute. Aldridge worked something out at curve all through the inning. No runs, no hits, no errors.

Pirates: Carey threw out Moore, coming in late to get his slow roller. Carey struck out on three pitched balls. Coveleskie kept the ball around the batter's knees. Stan Harris

threw out Cuyler at first. It was Stan Harris' first assist in the series. No runs, no hits, no errors. Second Inning—Senators: Judge got home run into right field stands. He caught a fair curve on the end of his bat and the ball sailed high and far. Joe Harris shot a sharp grounder past Wright for a base. Joe Harris was thrown out stealing. Smith to Moore. Veach is now warming up for Pittsburgh. Harris hit bluege's high fly. Traynor threw out Peck and Grantham made a glove hand stop of Traynor's wide throw. It moved Traynor an error. One run, two hits, no errors.

Pirates: Barnhart sent out a fly to Rice, hitting the first ball pitched. Traynor came in for a change. He stepped to the plate. Coveleskie kept the ball around Traynor's knees. Bluege smothered Traynor's hot smash and threw him out. Wright crashed a single to right. Grantham swung viciously at a spitball. Wright went to second on a powered ball. Grantham is having his troubles gauging Coveleskie's damp fling. Stan Harris made easy work of Grantham, throwing him out at first. No runs, one hit, no errors.

Third Inning—Senators: Rice fanned. Coveleskie struck out. Rice singled. Wright went to second on a balk by Aldridge. Wright threw out Stan Harris at first. No runs, one hit, no errors.

Pirates: Smith singled. Aldridge forced Smith. Coveleskie to Stan Harris. Moore struck out. Carey singled. Cuyler forced Carey. Peck hit to Stan Harris. No runs, two hits, no errors.

Fourth Inning—Senators: Wright made a beautiful stop of Goslin's seeming hit and then got him by a quick throw. Barnhart robbed Judge of a two-bagger with a running catch. Joe Harris singled. Cuyler took Bluege's long fly. No runs, one hit, no errors.

Pirates: Barnhart filed to Rice. Peck threw out Traynor. Wright got a home run into the field stands in front of the scoreboard. Grantham fouled out to Ruel. One run, one hit, no errors.

Fifth Inning—Senators: Peck singled over Wright's head. Ruel singled into center. Peck slopping at second. Aldridge took Coveleskie's bunt and threw to third to get Peck. It was a sacrifice hit and a fielder's choice. Oldham is now warming up.

Third Inning—Senators: Rice fanned. Coveleskie struck out. Rice singled. Wright went to second on a balk by Aldridge. Wright threw out Stan Harris at first. No runs, one hit, no errors.

Pirates: Smith singled. Aldridge forced Smith. Coveleskie to Stan Harris. Moore struck out. Carey singled. Cuyler forced Carey. Peck hit to Stan Harris. No runs, two hits, no errors.

Fourth Inning—Senators: Wright made a beautiful stop of Goslin's seeming hit and then got him by a quick throw. Barnhart robbed Judge of a two-bagger with a running catch. Joe Harris singled. Cuyler took Bluege's long fly. No runs, one hit, no errors.

Pirates: Barnhart filed to Rice. Peck threw out Traynor. Wright got a home run into the field stands in front of the scoreboard. Grantham fouled out to Ruel. One run, one hit, no errors.

Fifth Inning—Senators: Peck singled over Wright's head. Ruel singled into center. Peck slopping at second. Aldridge took Coveleskie's bunt and threw to third to get Peck. It was a sacrifice hit and a fielder's choice. Oldham is now warming up.

Steel Is President Of Nanaimo United

NANAIMO, Oct. 8.—Mr. J. Steel was elected president of the newly formed Nanaimo United Football Club at a meeting held Tuesday evening.

The following gentlemen, prominent in commercial and sporting circles, were elected to the committee: Rev. P. H. Kelly, Mr. Jas. Rennie, Mr. P. Corcoran, Mr. J. Buaby, Mr. J. Piper, Mr. C. Drake and Mr. A. Paul.

In accepting the office of president, Mr. Steel stated that he would do so on the assurance that the whole committee would work with him with the aim of Nanaimo having a team that would be a credit to the city.

Coast Baseball

REATTLE, Oct. 8.—Seattle and Salt Lake staged a wild twelve-inning game here today, neither team being able to break a 9 to 9 score. The game was called at the end of the twelfth because of darkness.

R. H. E. Seattle 9 13 4
Salt Lake 9 11 2
(Called end of twelfth by agreement.)

Batteries—Singleton, Hulvey and Cook; Peters, Lucas and Daly. O'Connell and E. Baldwin.

PORTLAND, Oct. 8.—After Bill Hughes, Macarone's pitching ace, had been backed to a four-run advantage in the second inning, he kicked himself out of today's game and the Beavers finally won, 7-6.

R. H. E. Macarone 6 13 1
Portland 6 10 8
Batteries—Hughes, Keating, E. Shea and M. Shen; Burns, Meeker and Hannab.

SAN FRANCISCO, Oct. 8.—The league's second game of the season straight over the Vernon Tigers to defeat, winning a closely-played contest 5-3.

Seattle Beavers have but one more game to win to clinch the 1925 Coast League pennant.

R. H. E. Vernon 5 13 1
San Francisco 5 10 2
Batteries—Christian, Carson and Murphy; Williams and Agnew.

LOS ANGELES, Oct. 8.—Oakland, which dropped the first two games of the series to Los Angeles, turned around and took today's contest 8 to 2. While the Oaks took great relief in Payne's offerings George Roehler held the Angels for four hits.

R. H. E. Oakland 8 12 2
Los Angeles 2 5 0
Batteries—Delaney and Reed; Payne, Sanders and Ennis; Sandberg; Club Standings.

Little World Series Now Stands at Evens

BALTIMORE, Md., Oct. 8.—Ed Holly was ineffective today for the Louisville Colonels and the Baltimore Interscholastic series 3-2 game count of the "little world series" by a 3-2 victory. The teams have now won three games each.

Meinert, First Base

The aged base left Stuffy Meiner's team, but the old-time star of the famous Athletics infield is still there as a great player. He will alternate at the first base with George Grantham for Pittsburgh in the battles with Washington.

Washington Attack Had Off Day, Admits Manager

Could Only Get One Run for Twice Filling Bases in Yesterday's Game With Pirates—Has Word of Praise for Aldridge's Plucky Pitching in Pinches

(Copyright, 1925, by North American Newspaper Alliance by Reuter "Turkey" Harris, Manager and Second Base, World Champion Washington Club.)

PITTSBURGH, Oct. 8.—A club has got to hit to win. We did not hit at opportune moments in the second game of the world series and were on the short end of a three to two count after the last man was retired. Stanley Coveleskie pitched a game that ordinarily would win, but we failed to take advantage of the scoring opportunities that came our way. Washington had two great chances to give Vic Aldridge and other Pirates a good lacing. We filled the bases with none out in the fifth inning and did the same in the ninth, and all we got out of it was one run. It was an off day for the Washington attack, that was all.

Aldridge proved his mettle under fire in those two frames. He had every excuse for faltering a trifle each time, but after getting into difficulty he always was able to put more on the ball than he had previously. That's the kind of pitching that tells in a crucial series. Another Pirate who did much to even the score was Glenn Wright, brilliant shortstop of the National League champions. He not only put his club into the game with his home run in the fourth inning, but did excellent work on the defense. His stop of the boundary 1 happened to send past Aldridge in the fifth and his throw to the plate that forced out Ruel was as fine baseball as one could care to witness.

Splendid Defence

The entire Pittsburgh team played a splendid game in the second tilt of the series.

When a pitcher gets into such difficulty as Aldridge found himself in, it is nothing unusual for the inner line

Dope Book Gives Old Countryman Edge Over Dode in Fight at Vancouver

VANCOUVER, Oct. 8.—Pat, Paddy or Patrick Mills, the eccentric Irish-English welterweight who meets Dode Bercot in the ten-round feature bout of Friday evening's card at the Arena, made an auspicious debut into the Northwest ring circles when he battled his way to a draw with the clever Jimmy Sacco a few nights ago in Seattle.

In doping out the coming Mills and Bercot fight on recent past performances Mills seems to have the edge. Mills beat Billy Alger and now draws with Sacco. Both Alger and Sacco hold decisions over Bercot. So there you are! On the other hand Bercot has only lost six decisions out of over

British Prepare Entry for Schneider Race

The Gloster-Napier III, the second machine built to represent Great Britain in the Schneider Cup Race, which will take place at Baltimore, Md., on October 24, has undergone tests at the R.A.F. Marine Experimental Establishment at Felixstowe, the pilot being Captain H. Broad. Photo shows the Gloster-Napier III aloft at the Marine Experimental Establishment.

sixty battles and has on his list such battles as Bobby Barret, Joe Benjamin, Ted Krache, Young Carman and Spud Meyers.

One thing that stands out in the coming bout is the fact that both boys are rated as good "club fighters," or audience-pleasers. Bercot's popularity on the Coast has been built up from his slim-bang style, and a glance through Mills' record books shows that all of his bouts have been interesting.

George Soltis, the blonde battler, meets Harry Whydrow in the six-round special event.

Hector McDonald and Al Gallagher have been signed to clash in a four-round bout that contains plenty of local interest. The pair have never met and it is a natural match. Harvey Hilday, the youngster that looks like a champion, will stack up against Spike Welsh, of Everett, in a four-round bout, and there are two other preliminary bouts.

Favorite Will Be Scratched

Tatra Goes Lame With Strained Ligament and Will Not Start in Cesarewitch

LONDON, Oct. 8.—Tatra, Mrs. Harold Cayer's three-year-old filly, winner of the important club stakes at Newmarket last week and until today the favorite in the turf's most historic autumn handicap, the Cesarewitch, will be scratched from the race tomorrow, it is conceded.

Capt. Gooch, trainer for Mrs. Cayer, announced today that Tatra had strained a suspensory ligament—was lame—and would probably be withdrawn tomorrow.

Bellina, owned by Frank Curzon, and Vionnet, owned by James A. de Rothschild, were installed favorites subsequent to Capt. Gooch's announcement.

Massy Is Second in French Open Golf

LA BOULLE, France, Oct. 8.—Rene Gollas, a newcomer in French golf, was leading the field at the close of the first day's play in the French professional golf championship tournament with a score of 72-73-145.

Arnaud Massy, winner of the open championship at Chantilly, was second with 74-73-147.

Racing at Thorncliffe

TORONTO, Oct. 8.—Favorites, second choices and long shots, mixed up the winners at Thorncliffe today. Beau of the West carried the Seagrass Stables' colors to victory in the Pickering Handicap at a mile and a sixteenth. He was a second choice with the bettors after Chloris, but won nearly two lengths ahead of Fairbank with Chloris third. Quash, the favorite, won the second, six furlongs, two lengths ahead of Miss Mancy.

Junior Soccer Match

One junior soccer match is to be played tomorrow. The Esquimalt Juniors will play the Veterans Juniors at Victoria West at 3 p.m. Saunders will referee.

Immigration Policy of Government Severely Criticized at Anglican Meeting

HAMILTON, Oct. 8.—Deploping what he claimed to be a fact that many Canadians, particularly families from the diocese of Niagara, were leaving the country for the United States, Archbishop Renison, of Hamilton, at yesterday's session of the Anglican synod of Niagara, warmly criticized the immigration policy of the Federal authorities.

The procession of young men and women to the United States was heartbreaking, he asserted.

Dominion Wants Income From Illicit Dealings

OTTAWA, Oct. 8.—The Department of Finance is asking leave from the judicial committee of the Privy Council to appeal against the decision of the Supreme Court of Canada, who decided that income received from illicit transactions was not subject to the Federal income tax.

Robbed on City Street

SAN FRANCISCO, Oct. 8.—While hundreds of people were on Market Street tonight, two bandits held up Leroy T. Harris and robbed him of more than \$500, the day's receipts of his store, he reported to the police. They forced him with pistols to go to a vacant lot, where they relieved him of his money.

No Traces Found Of Lost "Vikings"

Mounted Police Have No Information of Missing Nutting Expedition

MONTREAL, Oct. 8.—"No trace has been found in either Baffinland or Greenland of the Nutting expedition." This is the message that came over the air from Inspector Wilcox, of the Canadian Mounted Police, on board the C.G.S. Arctic, which passed

Father Point this morning returning from its voyage to the Arctic circle to relieve police posts in that part of the Dominion.

The Nutting expedition, on the American yacht Lief Erickson, with a crew of four, was last heard of on September 8, 1924, when it left Julianhaab on the southern shore of Greenland and headed west.

Canada's Net Debt Drops in September

But Statistics Do Not Include Figures of Railway Obligations

OTTAWA, Oct. 8.—The total net debt of Canada decreased by \$7,321,871 during the month of September, according to figures issued by the Finance Department today. It now stands at \$2,359,691,729, as against \$2,366,923,600 on August 31. During the twelve months since September 30, 1924, the decrease in the amount of the debt was \$25,895,122, according to the statement. The net debt on September 30, 1924, amounted to \$2,385,496,851. The statement does not include figures of the railway debt.

Revenue

Today's statement covers the first half of the present fiscal year. In addition to debt reductions it shows increased revenue and decreased expenditures in competition with the first half of the last fiscal year. Total revenues to September 30 last were \$159,799,169, as against \$187,148,572 on September 30, 1924, or an increase of \$27,349,403 during the month of September alone. Revenue this year totalled \$30,794,221 against \$24,612,556 in September, 1924, or an increase of \$6,181,665.

Expenditures

The decrease in expenditure during the six months just ended amounted to \$6,836,849. Total expenditure during the first half of the present fiscal year was \$129,748,274. During the same period a year ago expenditure totalled \$136,585,123. A large percentage of the total six months' decrease came in September, when expenditure dropped \$4,644,452 against the figures of September, 1924. Total expenditure during the month just ended was \$17,982,810, against \$22,629,262 in September a year ago.

Want Rubber Ban Off? LONDON, Oct. 8.—Removal of the Stevenson scheme of rubber restrictions was urged by rubber manufacturers and consumers who interviewed W. G. A. Ormsby-Gore, Under-Secretary of States for the Colonies, yesterday. Mr. Ormsby-Gore promised to place their views before the Colonial Secretary, L. C. M. Amery, who is giving personal attention to the rubber situation.

At the Playhouses**AMUSEMENTS**

The Screen
 Capitol—Thomas Meighan in "The Man Who Found Himself."
 Columbia—"The Fire Patrol" starring Anna Q. Nilsson and Madge Bellamy.
 Dominion—Raymond Griffith in "A Regular Fellow."
 The Stage
 Coliseum—"The Pink Lady."
 Playhouse—"The Playhouse Carnival."

COLISEUM Marathon dancing was theatre nearly revived at the Coliseum Theatre last night. During the performance of the charming musical comedy, "The Pink Lady," George Hydon leads the whole company in a demonstration of the Charleston fox trot, which the players seem to enjoy as much as the audience. Mr. Hydon made his bow to the audience to the accompaniment of as much applause as is accorded a successful Parliamentary candidate on the night of the poll. Love, hate, revenge, are the main ingredients that go to make up a powerful drama in the screen attraction, "I Am the Man," with Lionel Barrymore, the famous dramatic star of "I Am the Man," and a vital theme as the basis of the story, there is more than sufficient guarantee that this playhouse is of a high power calibre.

DOMINION Few men follow a more strange or varied daily and nightly itinerary than does Raymond Griffith, whom Paramount presents to the world as a comedy star in "A Regular Fellow," on the Dominion screen this week. He naturally spends a good share of his time at the studio, for, despite reports to the contrary, motion picture actors, just like other people, have to work for a living. But during the lapse between pictures and at night he may be found in the strangest and most unexpected places. He may be trout fishing on the upper Sepe. He may be at a LaJolla cottage, writing a short story. He may be attending a Mexican festival at the Plaza in Los Angeles. He may be in a far corner of the reference room at the Los Angeles Library. He may even be at home, rather, the club, which he has home.

PLAYHOUSE Motor boat chasers, a battle arena, a rum-runner, a woman with a revolver, a revenue cutter with her lover on its bridge, and some of the hottest melodramatic action ever seen on the screen are now showing on the screen at the Playhouse Theatre in "Forbidden Cargo," the fourth F.B.O. picture, starring Evelyn Brent. Tom Buckingham has directed this rattling story brilliantly and the scenes are some of the finest ever taken. Fred Kennedy Myton is responsible for the original story and script. Robert Ellis and Boris Karloff play prominent roles in support of the star.

CAPITOL "The Man Who Found Himself," the feature attraction at the Capitol Theatre is a semi-serious tale of a happy-go-lucky son of a small town banker who shoulders the blame when his younger brother loses heavily in Wall Street and then borrows bank funds to "cover up." The result is a sojourn in Sing Sing. When he once more faces the light of freedom, Tom's outlook on life has been completely changed. His father is dead. Everyone turns his back on him. Even the girl who said she would wait for him, she becomes a reality. The Man Who Found Himself. If you like Meighan (and who doesn't?), see his latest.

COLUMBIA Madge Bellamy, one of the screen's most beautiful girls, who plays a clever role in "The Fire Patrol," showing at the Columbia Theatre, has had a unique career. Miss Bellamy made her stage debut in New York at the tender age of five under the supervision of her father, a university professor of literature. The family moved to Denver and then to San Antonio, Texas, where Miss Bellamy studied at St. Mary's Hall. When she was fifteen, there came an interruption to her student life and she was recalled to New York to appear in an actors' benefit performance. The winsome miss of the brown eyes and golden hair did so well that she attracted the notice of Daniel Frohman, who gave her a letter to George Tyler.

To Hold Harvest Festival

COLWOOD, Oct. 8.—The harvest festival services will be held at St. John's Church on Sunday next. There will be a celebration of the Holy Communion at 8 a.m., and evening prayer at 7 p.m., when the Rev. F. C. Chapman, rector of St. Paul's, Esquimalt, will preach. The church committee has arranged for a lantern lecture on Monday evening in the Colwood Hall, to commence at 8 o'clock. Dr. C. Brown, of the Quarantine Station, who saw service during the war in Salonika, will deliver the lecture. The pictures were taken by Dr. Brown while on active service, and are intensely interesting.

Mr. O'Halloran Says at Nanaimo Mr. Meighan Is Qualifying as "Official Undertaker"

NANAIMO, Oct. 8.—Friends and supporters of Mr. T. B. Booth, Liberal candidate in Nanaimo riding for the coming elections gathered in the Odd Fellows' Hall last evening, and were addressed by Mr. N. W. Whitaker, president of the Nanaimo Liberal Association, and Mr. C. H. O'Halloran, president of the Nanaimo Federal Liberal Association.

Mr. William Mellor, as chairman, in opening the meeting, spoke at some length on the aims and aspirations of Liberalism, after which he introduced Mr. Whitaker. The latter interspersed his political talk with numerous witty anecdotes, which were well received. He deprecated the attitude of Mr. Meighan in the present campaign, in so far as regards the latter's attitude of pessimism, the speaker quoting figures which he claimed showed conclusively that Canada is now entering a period of prosperity brought on by the present Government's wise rule in the past and foresight for the future.

Mr. O'Halloran also deprecated the pessimistic vein of Mr. Meighan's speeches during his Western tour, and maintained that if Mr. Meighan were elected Premier, he would also be the official undertaker of Canada.

Mr. O'Halloran was very optimistic regarding Mr. Booth's chances for election on October 29, stating the whole south end of the island is in favor of the Liberal candidate.

Sooke Personal News

SOOKE, Oct. 8.—Mr. and Mrs. Willett, daughter and son have returned here.

Mrs. G. Blight and two children have returned after spending three months in Calgary.

A whist drive and dance will be held at Paradise Inn, Friday, October 9, at 8:30 o'clock. Prizes will be awarded and Miss F. Muir and Mr. E. Walker will provide the music.

Mr. and Mrs. P. Grainger were tendered a surprise party last evening by a large number of friends in honor of the former's birthday. All joined heartily in novelty games and dancing. Previous to the serving of refreshments, a handsome ring, was presented to Mr. Grainger by the employees of the Sooke Harbor Fishing & Packing Company, of which he is one of the managers.

Lodge of Loyal Order Of Moose Organized

NANAIMO, Oct. 8.—A lodge of the Loyal Order of Moose was organized at North Wellington last evening when forty-three members were initiated. That Dictator Thorne, of Nanaimo, acting as installing officer, assisted by Bro. Kirkbride, as sergeant-at-arms.

The officers for the current term are as follows:

P. D. T. C. Buckingham; dictator, C. F. Holmes; V. D. T. Cook; prelate, C. McDonald; secretary, G. E. Clarke; treasurer, T. Vipond; sergeant-at-arms, J. Higgs; I. G. J. M. Baker; O. G. J. Higgs; orator, N. McLeod; trustees, Messrs. E. Zaccarelli, G. M. Scott, C. H. Evans; captain of the drill, T. Kirkbride; organist, A. McDonald.

Following the installation of officers, a social time was held. An interesting feature of the evening was the work put on by the Nanaimo drill team, captained by Bro. W. Hope, their work being much appreciated by all present.

Last Friday evening an enjoyable dance was held at the Moore Club. The orchestra was composed of Drums, Mr. E. Rivers; saxophone, Mr. D. Lake; banjo, Mr. W. Cooper. Mrs. Buckell, Miss Bowler and Miss Ferguson shared in accompanying at the piano. Mrs. Buckell kindly sang and was encored.

Women's Institute Hears Address on Home Economics

METCHOSIN, Oct. 8.—A dance was held at Metchosin to celebrate the return of the interior of the hall. Mrs. George Simpson, of Victoria, was in charge and the music was supplied by Ray Kinlock's three-piece orchestra. The hall committee received many congratulations on the good work they had done, especially the secretary, Mr. W. G. Milsted.

The Metchosin Women's Institute held its regular monthly meeting at the hall on Wednesday afternoon. Mrs. P. A. Pearce, the vice-president, was in the chair and there was only a small attendance of members and two visitors. It was decided to enter for the W.I. exhibit at the Provincial Potato Fair to be held next month at New Westminster and members intending to exhibit or requiring information will kindly get in touch with the secretary. Night classes were discussed, but it was decided to leave the final arrangements to a more representative meeting. The library, through the kindness of Mr. A. D. Ellwood, has been moved to the store and Miss M. Taylor will be librarian in charge, every Thursday afternoon, assisted by one of the members. All books at present out are requested to be returned at once.

Mrs. H. Jordan gave an interesting address on home economics, arguing that it should be taught at home by the mother and was not a subject for the high school, and by so doing would save both money and work. Mrs. A. D. Ellwood gave a demonstration in pastry and pie making. It was decided to hold a concert and dance, on October 23, to celebrate the sixteenth birthday of the Metchosin W.I., their meeting being held on October 24, 1909. Moadames Peacock and Barclay supplied afternoon tea.

War Memorial Committee Ends After Reporting at Public Meeting

Receives Hearty Vote of Thanks for "Splendid Way in Which They Discharged Duties"—Balance of Funds Given in Trust to Fresh Committee

The Victoria War Memorial Committee, who at a public meeting held last evening at the City Hall, were discharged with a hearty vote of thanks "for the splendid way in which they had carried out their duties," through Mr. Lindley Crease, chairman, expressed their pleasure in the undertaking, "the objects of which had so inspired them that they would only put forward their best efforts."

Mr. Crease's report of the Victoria War Memorial, as chairman of the committee which carried through the enterprise, was a short history of the undertaking from the time of the first public meeting called on May 1, 1924, to consider the matter, down to the unveiling on July 12, 1925.

The statement of receipts and disbursements showed a balance of \$806.39, of which amount it was decided to turn over \$286.39, less any incidental expenses, to the city treasurer, to be applied toward the expense of planting more trees in Memorial Avenue, Shelbourne Street.

The balance is to be held in trust by a committee composed as follows: Lt.-Col. F. A. Richardson, chairman; Mr. Lindley Crease, Mr. F. B. Pemberton, Mrs. Kate Palmer, and Miss Lottie Bowron.

It was also decided by last night's meeting to file in the Archives, Parliament Buildings, papers bearing on the history of the erection of the monument.

English Sculptor
 The statue and bronze work of the memorial, it was recalled, was designed by Mr. Sydney March, and the work was executed by his firm at a cost of \$5,281.38 exclusive of freight, insurance, etc. The contract for the stone pedestal was awarded to Messrs. Mortimer & Son, Victoria, at a price of \$5,650.

Thirty-five general meetings of the committee were held, also numerous subcommittee meetings. Mr. Havenshill was vice-chairman of the campaign for funds, for which the manager was Capt. Harrison. There were 4,382 subscribers, among them His Honor the Lieutenant-Governor, Walter C. Nichol, "whose handsome contribution of \$3,500, insured the success of the project."

Enclosed With Monument
 A copper box enclosed in the monument contained a book with the names of the subscribers, a pamphlet re Last Post, Colonist, of March, 1915, containing list of first casualties; Colonist of June 4, 1925; Times of June 6, 1925; war medal ribbons; notice card re Memorial fund; one cent, five cent, twenty-five cent, and

Home Secretary Deplores Lack of Local Patriotism

LONDON, Oct. 8.—Sir William Joynson-Hicks, Home Secretary, in a speech today at the opening of a hospital in his own parliamentary constituency, the Twickenham district of Middlesex, deplored the lack of local patriotism in many parts of London. Among the people who worked in the metropolis, he said, there were many whose houses, outside of the city, were mere sleeping boxes, who had no church or chapel friendships and no desire to do otherwise than live selfish lives at their homes and purely business lives in London.

Twelve Rum-Runners Are Reported Drowned

SAN FRANCISCO, Oct. 8.—Coast-guard officials said they were unable to verify a report from coastguard cutter 255 that twelve men were said to have been drowned and two rum-runners sunk in an attempt to escape the patrol boat early this morning at Half Moon Bay.

Rich Uncle (to his physician)—So you think there is hope for me?
 Doctor—Not only that, but I can assure you that you are out of danger.

Rich Uncle—Very well, I wish you would inform my nephew, but break the news gently to him.

Made Migration Chief By League of Nations

COL. OBED SMITH

WINNIPEG, Oct. 8.—According to word received here today, Col. Obed Smith, former Commissioner of Immigration, London, England, for the Canadian Government, has been appointed permanent Commissioner of Immigration to the League of Nations. It is understood that he will leave for Ottawa and Geneva to assume his new duties.

Migrant Takes Own Life

EDMONTON, Oct. 8.—Only three months in Canada from his native Sweden, Henry Orkney, twenty-seven, took his own life with a rifle, in the bunkhouse at Hawkins Biding, near Irma, on the Grand Trunk Pacific, Wednesday afternoon. He was employed as a section hand on the railway.

Site of Bay of Fundy Power Project

The State of Maine proposes to develop an immense power project on the Bay of Fundy, provided the consent of the Dominion of Canada and the Province of New Brunswick is obtained. It is believed that the best power can be developed with the help of the tide which, in the Bay of Fundy, has a rise and fall of twenty-seven feet.

After all else failed, Kellogg's ALL-BRAN brought sure relief from constipation

Thousands have cleansed their systems of constipation's poisons.

Constipation exacts a telling price. Its hideous poisons lead to over forty devastating diseases. But let Mrs. Kensch tell her story:

Kellogg's ALL-BRAN is the very best I ever used for chronic constipation. I have used all kinds of medicine and nothing helped me like ALL-BRAN. It has such a nice flavor and it is cheaper than paying out hundreds of dollars seeking relief.

Yours truly,
 Mrs. A. P. Kensch.
 (Address on request).

Don't neglect constipation. Drive its terrible poisons out of your system.

tem. Eat Kellogg's ALL-BRAN regularly—two tablespoonfuls daily, or in chronic cases, with every meal. ALL-BRAN brings sure, permanent relief. It is what doctors call a bulk food. It sweeps the intestine clean and stimulates normal, natural action.

Kellogg's ALL-BRAN is ready-to-eat with milk or cream. Also try the recipe given on the package. Results guaranteed or your grocer returns the purchase price. Made in London, Canada. Served in leading hotels and restaurants. Sold by all grocers.

Cleaning Vacuum Strainer

It might have been all right to allow the strainer in the vacuum tank intake to go for months without attention, but nowadays the wise owner cleans it out every two weeks regularly. It isn't so much that everyone is using more gasoline as the fact that more stops at filling stations mean more scale from gas pump hoses and more metal chips from the nozzle which careless employees customarily jam into the neck of the gas tank.

Road Building in Japan

The Japanese Government is working on a plan for state-aid for prefectures in the building of a national system of motor highways, according to the scheme of federal aid which has worked successfully in the United States.

Tom—"You are a poor young man."

Jack—"I am."

Tom—"Then, what you want is a thrifty, economical wife."

Jack—"Not at all. What I want is a rich, liberal wife."

Jail Breaker To "Get Even" With Sheriff

Johnson Expected to Say
Escape From Washington
Prison Was Made Possible
by \$10,000 Bribe

Is Ready for Him,
Declares Starwich

"Aiming at Me," Says Offi-
cial, but "I've Got an Ace
in the Hole"—Attack Ex-
pected

VANCOUVER, Oct. 8.—It was rumored here today that Seattle police authorities will ask that T. H. Johnson, brought from Seattle last night and now held in Oakalla on a charge of complicity in the Nanaimo bank robbery, be interrogated concerning the jail break he led from the King County Jail in Seattle.

So far Johnson has not made any statement concerning the Seattle jail break or the Nanaimo robbery. No effort will be made to interrogate Johnson unless an official request is made by the Seattle police. It will then be optional with him whether he talks. Seattle rumors are to the effect that if he does talk he will involve a high police official in the escape of the party which broke out of the jail.

SEATTLE, Oct. 8.—That the recent King County Jail break cost the six escaping prisoners \$10,000 to buy off a high official, have guns smuggled into their cells and "fix" matters "inside and out"—that, in brief, is the story T. H. Johnson, recaptured leader of the break, now in jail in Canada, is expected to broadcast shortly to the world. It was learned tonight from Seattle officers. These officers declared they have known for several days that Johnson had made threats to "get even," as soon as he was safely out of the United States, with those who had him in custody here.

Prepared to Talk
Dispatches from Vancouver today confirmed their belief that Johnson would carry out these threats. The dispatches said that before entering Oakalla this morning he sent word that he would make a statement involving high officials in the State of Washington in the jail break. He was not ready, he said, to make the statement now, according to the dispatches, but desired to see a lawyer and have the story presented in legal form.

Sheriff Matt Starwich, on learning of Johnson's move, asserted with a grin: "He is aiming at me. But I am ready for him. I've got an ace in the hole that he doesn't know about."

Will Deny First Story
Through other official and semi-official sources it was learned that Johnson is said to have planned for some time to deny his first "authentic" story of the jail break, in which he said dummy guns were used to bluff the jailers, and to state, after he reached Canada, that he had dickered with an official, who first wanted \$15,000 and later accepted \$10,000 to furnish real guns and see that he and his five companions got away.

Starwich intimated tonight that he has now in his possession some real evidence that will puncture any such story, but said he will be unable to disclose what he has until his case is complete and he can lay the whole jail break explanation before the prosecuting attorney.

Rates Should Be Fair
"The country should bear a share of the transportation charges," said Mr. Meighen.

"The rates fixed should be fair to the roads and fair to the public, but having done that then there should be a portion of these rates paid for the benefit of the outlying parts of the country from the general treasury of the nation. By that you will tie the Maritime Provinces closer to the union and the Dominion as a whole will share the geographical burden, of which under the present conditions and to my humble judgment, the Maritime's share is more even than the West, more than any portion of our country. This will bring about that feeling of mutual help and mutual interest sadly wanting in the days gone by and without which the country cannot hope to succeed."

Pamphlet Challenged

VANCOUVER, Oct. 8.—Rt. Hon. Arthur Meighen, dealing with freight rates during his address here last night, referred to a circular which had been distributed on the streets before the meeting, headed "Who's the Friend of British Columbia?" This, he explained, quoted what was purported to be a Canadian Press dispatch from Saint John, N.B., alleging that the Prime Minister had stated at Saint John that "the order of the Railway Commission granting Crow's Nest rates on westbound grain and flour was 'fair and just,'" while the Halifax dispatch alleged that Mr. Meighen had in that city stated "there has been a measure of relief for the West which was utterly indefensible."

"I have asked the Canadian Press representative who was with me on the trip in the Maritime Provinces if he sent that message out, and he not only denied ever having done so, but declared that I never mentioned the judgment of the Railway Board."

"I challenge the fathers of this pamphlet," exclaimed the speaker, displaying the circular, "to produce one man within or without British Columbia who ever heard me make such a statement."

For Tariff Autonomy

PEKING, Oct. 8.—Foreign Minister Shen Jui Lin replying to charges of his political enemies that he was "selling out" by agreeing to early negotiations with the powers concerning China's thirteen demands in connection with the Shanghai incident of May 28 last, yesterday declared that China will fight for tariff autonomy.
